Finish Line Pets (FLP, LLC), home of the “Vet Worthy” brand, is a prime manufacturer of animal wellness products for companion animals located in Tempe, Arizona. We specialize in a variety of delivery systems for branded and private label pet care products including chewable tablets, soft chews, capsules, lotions, creams, gels, pastes, as well as medical supplies for our four legged friends.

Our unique solution products for dogs and cats are made with innovative formulas and held to the highest manufacturing standards. All of our products are developed by veterinarians using naturally sourced ingredients for specific animals needs and conditions.

Our 250,000 square foot manufacturing facility and warehouse distribution center located in Tempe, Arizona.

Finish Line Pets has a brand new state of the art cGMP certified facility, built in 2016. Our in-house laboratory is an advanced technology analytical facility with cutting edge equipment. We provide expert chemical analysis of incoming raw materials as well as all finished products, including the analysis of minerals, vitamins, botanical, herbal and phyto-chemicals.

Our laboratory participates in National Institute of Standards and Technology (NIST) Dietary Supplement Laboratory Quality Assurance Program (DSQAP) studies for trace metals, minerals, vitamins and other active ingredients in nutraceuticals.

All analytical procedures are fully documented for GMP compliance needs. Additionally, we have experienced method development and validation chemists on staff.
